

Where Do the Candidates Stand on Life?

Candidates	Roe v. Wade/Abortion	Pain-Capable Unborn Child Protection Act	Taxpayer Funding of Abortion and/or Abortion Providers
The candidates listed below have announced their candidacies for president and have scored a minimum of .5% in a national poll.	The 1973 <i>Roe v. Wade</i> and its companion <i>Doe v. Bolton</i> decisions together essentially legalized abortion on demand throughout the United States, resulting in more than 60 million abortions since then.	The Pain-Capable Unborn Child Protection Act would prohibit abortions (with narrow exceptions) after the unborn child is capable of experiencing pain from abortion.	Direct taxpayer funding of abortion, as well as taxpayer funding of abortion providers, such as Planned Parenthood, means more abortion and more dead children.

At his 2019 State of the Union speech, President Donald Trump called on Congress to "pass legislation to prohibit the late-term abortion of children who can feel pain in the mother's womb."	In 2018, President Trump's HHS Department issued regulations to ensure Title X funding does not go to facilities that perform or refer for abortions. His Administration cut off funding for the UNFPA due to their involvement in China's forced abortion program, and he is committed to defund abortion providers.
